

Download and install Adobe Acrobat on Windows

1. Using any browser go to <https://hwg.tools/windows>.
2. Click the link or icon to download Adobe Acrobat from the HWG website.
The download is 2.6GB so this could take some time depending on your internet speed.
3. Once the download is complete, open the folder that contains the Acrobat file.
4. Right click on the Acrobat_Windowsx64.zip file and select Extract all to unzip.
5. Browse to the folder that was created to contain the unzipped files and then continue to the Windowsx64 folder.
6. Next browse to the Build folder and double click setup.exe to begin the installation.
7. Select Yes to allow the app to make changes to your device.
8. Creative Cloud installer will now install the products.
9. When the installation is complete, click on OK to close the installer window.
10. You will now see Acrobat and Creative Cloud on the desktop. Follow the steps below to license your newly installed Acrobat software.

License Adobe Acrobat to your user account

1. Launch Adobe Acrobat DC.
2. You will see an activation window appear.
3. Enter your HWG email address when prompted.
4. Select Work or School account when prompted.
5. Enter your HWG email if prompted again or your HWG password.
6. Use Duo Authentication to verify your HWG credentials.
7. Once complete, your Acrobat will be fully licensed and ready for use.
